

Praying for the Harvest

Matthew 9:35-38

Prayer is moved by love/compassion for others.

Jesus wanted us to pray for God to send _____ who would
_____ in the task

See people like Jesus sees people.

*Jesus saw what sin had done to His beautiful, perfect creation, and it broke
His heart.*

Jesus sees people are dead and need His life.

You can't see _____ or _____ deeply from a distance.

KNEES AND FEET (Prayer and Action): *Ask the Holy Spirit to guide you to a change of
mind and action.*

In the C&MA, we support IW's who are present in God's harvest fields around the world. But how do you see yourself "*being present*" for people Jesus cares about in your neighborhood?

Are there attitudes and perceptions in your life that don't line up with how Jesus saw the crowds around Him? Would you consider compassion to be a dominant force in your interactions with people?

We are not left to our own devices when it comes to the harvest. Jesus asks us to **join Him**. Ask Jesus to open your eyes to see like He sees people and soften your heart to share His compassion.
